Around the Home with *Kate* Preparing for a Possible “Historic” Winter

According to the NOAA, “During the October-December 2026 season, there is a 69% chance of a historic [El Niño] event that would exceed the strength of previous El Niño events dating back to 1950.” I don’t know about you, but when I hear that, I think: It’s time to be proactive and get ahead of this potentially “historic” winter.

What are some concerns? And what can we do to mitigate the risk of dangerous or expensive outcomes?

The concern: Freezing Temperatures

- **HVAC.** You don’t want to discover a heating problem on the first really cold night of the season. Schedule routine HVAC maintenance and dryer vent cleaning now to help prevent winter breakdowns and improve efficiency.
- **Chimneys.** A pre-season cleaning will not only keep your family safe from dangerous air quality and fire hazards from buildup, but can also reduce your wood consumption and extend your chimney’s life.
- **Windows & Doors.** Fixing leaky windows and doors can lower your heating costs and the strain on your HVAC system.

- **Septic Systems & Wells.** Autumn is a good time for septic maintenance or inspections since the ground is still workable. If you have a private well, consider having your water quality checked and confirm pipes and other components are prepared for freezing temperatures. >>>

◀◀◀ • **Trees.** Have dead, damaged, or potentially dangerous trees near your home, driveway, or walkways inspected and removed before winter storms arrive.

The concern: Mold & Moisture

- **Roof and Gutters.** Roofs can have years of buildup of algae, fungus, and moss, creating a warm home for mold. Clogged gutters encourage mold growth and can even cause leaks and foundation issues. Getting your roof and gutters cleaned, along with the installation of gutter guards, can deter mold growth in your home and prevent water damage.
- **Crawlspace or Basement.** Dark, damp areas beneath and inside our homes can become breeding grounds for mold. Proper sealing, drainage, and moisture control can help keep your home drier and more comfortable.

The concern: Leaving Home

- **Driveways.** Safe access into and out of your home is important for your family, guests, and emergency responders. Address potholes, drainage problems, uneven surfaces, and other hazards before they're covered by snow or ice.
- **Vehicles.** Winter weather can be tough on our vehicles. Tires with low tread significantly increase the risk of accidents. Regular maintenance and a seasonal tune-up can keep you and others on the road safe.

We certainly don't want to imagine the worst-case scenario, but being prepared doesn't mean expecting the worst. It simply means giving ourselves a better chance of handling whatever winter brings. A little preparation now may come with some upfront expense, but the peace of mind and the money saved by avoiding a major repair or emergency can make it well worth the effort.

LET THE MONTHLIES HELP YOU GROW YOUR BUSINESS

Taco Day, Hip Hip Hooray!

by Kim Amboy

All hail the lowly taco! Each is stuffed with humble fillings wrapped in soft corn or flour tortillas, or even a hard, crunchy shell. While not fancy, they always deliver big taste and limitless variety with every bite, making them affordably addictive. Fill them with savory meats, cheese, and whatever else your heart desires, and you've got an amazingly delicious, handheld meal that needs no utensils—who needs a fork anyway? And everybody knows tacos are a great morale booster, too. Think of the stuff that drips down your arm as essential oils, right? Well...maybe. What prompts me to broach this mouthwatering subject? Let's "taco" about it...

The word "taco" likely comes from Mexican

silver miners in the 18th century who used paper-wrapped gunpowder charges that looked a lot like the food in their lunches. By 1914, recipes for tacos appeared in a U.S. cookbook, helping launch their rise as an American favorite.

Personally, I'm part of the crowd that only eats tacos on days that end in "Y". So, knowing the first Tuesday of every October is appointed National Taco Day, is great news! Keep an eye out for restaurant deals and app drops offering special discounts in honor of this favorite south-of-the-border treat.

Now that you've been properly schooled on this mouth-watering subject, it's got to be time to eat! So, always remember: When life gives you lemons, give them back--you deserve tacos! Gather your friends and order some today.

Peppers Mexican - 13245 Rittenhouse Drive, Midlothian. Peppers has a rich tradition of serving traditional Mexican food that some of their customers say "tastes like heaven!" The taco section of their menu boasts shrimp-filled Tacos Panchos, tender ribeye tacos, and Quesabirra tacos served with a rich au jus, among other selections.

Mr. Pepe - Two Midlothian locations to choose from: 7020 Woodlake Commons Loop, or 10902 Hull Street Road. Both restaurants are comfortable and clean, offering friendly service, and delicious food served hot and fast. Their menu lists a nice taco selection including shrimp, fish, ribeye or chicken tinga tacos, all of which will do the trick if you need a taco fix.

El Caporal - 6511 Centralia Rd., Chesterfield. Get friendly service and more bang for your buck at busy El Caporal. Their great tacos are only \$1 on Tuesdays and served with all the traditional sides including their HOT tomatillo sauce! Do try their popular Tacos de Asada —the beef is very tender and well-seasoned.

Don Pepe - 2102 W Hundred Rd, Chester. Outstanding food, good service, and reasonable prices served in generous portions. What more could you ask for? How about Don Pepe's tender brisket or birria tacos? Or maybe a Hawaiian or veggie taco? Visit soon and taste their flavorful authenticity for yourself.

NOW is the Best Time for Aeration, Detaching & Seeding!

BEFORE TREATMENT

- Compacted, hard soil
- Shallow, weak roots
- Thin lawn, prone to weeds and drought

AFTER TREATMENT

- Oxygen, water and nutrients reach the roots
- Deeper, stronger root system
- Thicker, healthier lawn that resists weeds and drought

Aeration

Overseeding

Cottage Cheese Chicken Enchiladas

Imagine the aroma of sizzling peppers and onions, the Mexican spices that flavor your favorite meat, or fresh cilantro and lime that pairs perfectly with a smooth or chunky guacamole. Don't let the name of this lighter take on an enchilada fool you. For many years it has been a popular family dish for my friend Valusia. It's cheesy and flavorful with just a little kick. So, if you can't make it to your favorite Mexican restaurant, hopefully this will tide you over.

INGREDIENTS:

- 3 c. Shredded Chicken
- 1 tbsp. Olive Oil
- ½ c. Chopped Onion
- 1 (7 oz.) Can Chopped Green Chili Peppers
- 1 (1 oz.) Package Taco Seasoning Mix
- ½ c. Sour Cream
- 2 c. Cottage Cheese
- ½ tsp. Salt
- Pinch of Pepper
- 2 c. Shredded Monterey Jack and Colby Cheese Blend
- 1 (10 oz.) Can Red Enchilada Sauce
- 12 (6 inch) Corn Tortillas

DIRECTIONS:

Sauté onions and chili peppers in oil. Add chicken and prepare taco seasoning according to package directions and pour over chicken mixture. Simmer for a few minutes until water has evaporated and set aside. Mix sour cream with cottage cheese and season with salt and pepper. In each tortilla place a spoonful of meat mixture and a spoonful of cheese mixture with a bit of shredded cheese. Place each rolled tortilla in a greased 9x13 baking dish. Top with remaining meat and cheese mixture, enchilada sauce and remaining shredded cheese. Bake at 350 for 20-30 minutes until cheese is melted and bubbly.
